Safeguarding – Policy and Procedure

Meeting the Statutory framework for the early years foundation stage (the safeguarding and welfare requirements 2014) working together to safeguard children 2015

Safeguarding children: The Children’s Act 1989 and the early year’s foundation stage state that “the registered person must comply with the local child protection procedures approved by the local safeguarding children’s boards and ensures that all adults working and looking after children in the provision are able to put the procedures into practise”.

Safeguarding and promoting children’s welfare: The welfare requirements within the statutory framework for the early years’ foundation stage require providers to take the necessary steps to safeguard and promote the welfare of the children in their care. In particular, they are required to implement an effective safeguarding children’s policy. The providers must ensure that anyone working with them understands the safeguarding policy and procedure.

Providers should follow the guidelines set out in the booklet “what to do if you are worried a child is being abused” produced by the department for children, schools and families (DCFS).

The Childcare Act 2004 and Working together to safeguard children 2006 place a statutory responsibility that as a childcare provider, manager, or member of staff in a day care setting, you are in a unique position to observe any changes in a child’s behaviour or appearance. If there are any reason to suspect that a child in your care is being abused or neglected or is likely to be abused you must take action on behalf of the child and contact an agency that has a ‘duty’ to make enquiries.

Policy statement: Safeguarding children

At *Little Beans* it is our responsibility and a legal requirement to protect the children in our care. The children’s safety is paramount and will stay our focus always and all adults who come into contact with children have a duty of care to safeguard and promote their welfare. If we have any concerns, we will report it following the Local Safeguarding Children’s Board (LSCB) procedures (Bournemouth, Poole and Christchurch councils). The relevant local procedures are on the LSCB website, on file at *Little Beans* and available on request.

We understand at *Little Beans* that the four areas of abuse are Physical, Emotional, Neglect and Sexual (PENS) below are the definitions.

Physical abuse which may involve hitting, throwing, burning or scalding and other actions that cause physical harm to a child. Failing to protect a child from that harm is also classed as Physical abuse.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent effects on the child’s emotional development.

Neglect is the persistent failure to meet a child’s basic physical and/or psychological needs. Signs of neglect may involve parents and carer

failing to provide adequate food, water and shelter; not washing the child and dressing them in dirty clothes and failing to access medical care or treatment for the child if needed.

Sexual abuse involves forcing a child or young person to take part in sexual activities this may be physical contact including both penetrative and non- penetrative.

At *Little Beans* We have the responsibility to observe, record and pass on information but not to investigate. We must notify Ofsted of any allegations of abuse that are alleged to have taken place whilst the child is in the care at *Little Beans*

Domestic abuse. Living in a home where there is domestic abuse is harmful and it can have a serious impact on a Childs behaviour and wellbeing. A child who witnesses domestic abuse may display some unusual behaviour such as: being withdrawn, being anxious and clingy, being aggressive and having a sudden change in their behaviour. If a child witnesses domestic abuse it is recognised as "significant harm" in law.

FGM (female genital mutilation)

FGM is the procedure involving partial or total removal or injury of a female's genital organs for non-medical reasons. Under the Female Genital Mutilation Act 2003 it is an illegal offence in England, wales and Northern Ireland for anyone regardless of their nationality and residence status (please refer to British values) to perform FGM in the UK, to assist in the carrying out of FGM, or to assist FGM being carried out on a UK resident outside the UK as FGM is not supported by any religious obligation. Staff are vigilant and if we suspect that FGM has or will take place then we will follow our safeguarding procedure and make a referral and contact the relevant agencies.

Procedure

At *Little Beans* the 'designated safeguarding lead' (DSL) is Anne-Marie Thomas and Sebrina Drew who will take the lead responsibility for safeguarding children within the setting, liaising with local authority, children's services and any other agencies and integrated services and Ofsted where appropriate. Anne-Marie and Sebrina have been on the Safeguarding Children – Foundation Child Protection Course and will update the safeguarding course every 2 years, attend the safeguarding forums and keep up to date with all the safeguarding updates and with child protection legislations enabling Anne-Marie and Sebrina to identify, understand and respond appropriately to signs of possible abuse and neglect.

All Staff will be briefed in safeguarding as part of their induction along with reading the safeguarding policy and procedure to enable them to identify, understand and respond apriority to signs of possible abuse and neglect at the earliest opportunity. At *Little Beans* everyone has a responsibility and a role to play in safeguarding the children (please refer to our whistleblowing policy) and staff members can seek support from the DSL and DDSL (Deputy Designated Safeguarding Leads) at all times.

All staff will be safeguarding trained and this will be updated every 2 years.

Management is to make sure that all staff know the safeguarding policies and procedures and are implemented by all staff. Management is to feedback information to the team, so everyone is up to date with the latest safeguarding information and updates and to share responsibilities to staff relating to safeguarding. Management will provide support, advice and guidance to all staff and team members on an ongoing basis and ensure there are the appropriate resources to do so, ensuring all staff understand the recording and reporting systems and processes that are in place and know what to do if they are worried about a child.

In the absence of the DSL the “deputy designated safeguarding lead” (DDSL) Maria Hayward at *Little Beans* will fulfil this role. All DDSL trained staff have been on the Safeguarding Children – Foundation Child Protection Course and will update the safeguarding course every 3 years, attend the safeguarding forums and keep up to date with all the safeguarding updates and with child protection legislations enabling them to identify, understand and respond appropriately to signs of possible abuse and neglect.

At *Little Beans* we have copies and are familiar with, the local safeguarding children’s board procedure. We keep up to date with the latest versions of the relevant procedures or any documents that may replace them in the future. We do this by attending regular courses, training, forums and networking and reading the Borough bulletins and publications. We have copies of the relevant booklets and guidance on safeguarding and understand them.

If we are concerned about a child’s welfare, we will contact the local authority, social care, the NSPCC, Morton Michel (our insurers) or other relevant support for advice, confidentiality will be assured only when it is clear that there is no risk or harm to a child.

Child protection concerns that could identify a child are kept confidential and only shared with people who need to know this information.

We at *Little Beans* have signed up to LCSB compact, the Dorset overarching information sharing protocol, DV1 alerts and MARAC the multi-agency risk assessment conference. Parents must notify the staff or their child’s key person at *Little Beans* of any concerns they have about their child and any accidents, incidents or injuries affecting the child which will be recorded. We pride ourselves at *Little Beans* on working together with parents to make sure that their child’s care is consistent- please refer to our working with parent’s policy.

At *Little Beans* we make sure that nobody including staff/ parents/guardian or visitors use their personal phones, cameras, ‘I watch’ or video cameras in the setting where children are present. This is to protect the children

from misuse of these devices and staff from being at risk of accusation or allegation against them – please refer to the *Little Beans* phones, cameras and video policy.

If a child is not independently mobile and is present with bruising, bleeding, swelling, reduction in movement of a limb or otherwise suspicious marks or injuries (burns or scalds) we must follow the non-mobile protocol and refer to both paediatrics and children's social services. If we notice:

- Significant changes in children's behaviour
- Unexpected bruising or marks or possible signs of abuse or neglect
- Any comments made which give us cause for concern
- Deterioration in children's general well-being which causes concern
- Any reason to suspect neglect or abuse outside *Little Beans* i.e. in the Child's home or a family member's home.

Little Beans will implement the Local Safeguarding Children's Board procedures without delay to minimise any risk to the child. Social services duty desk immediately, if it is known that a child is at risk or harm we will follow it up with a letter within 48 hours. We will keep a factual record of any concerns which will be recorded on an Incident of Concern Form on the day of the incident which will be dated and signed. We will ask the parents/guardians for an explanation providing it wouldn't put the child at risk.

The Statutory Requirements for providers in England require that we let Ofsted know of any concerns, allegations of serious harm or abuse that we have reported without delay and any actions taken in respect of the allegations as soon as reasonably practicable but at the latest of 14 days of the allegations being made.

If a child tells us that they or another child is being abused I will use TED (Tell, explain and describe) in order to establish the child's story. If further clarification is needed, we will use open questions such as what? when? who? how? and where? making no suggestions of a response. A child may also seek to disclose and share their experiences through drawings, writing and play.

We will make sure that we:

- Show that we have heard what they are saying, and that I take their allegation seriously
- Encourage the child to talk, but we will not prompt or ask them leading questions. We will not interrupt a child whilst they are recalling significant events and we will not make a child repeat their account.
- Explain what action must be taken now, in a way that is appropriate to the age and understanding of the child.

- Write down what you have been told using exact words where possible.
- Write down any TED or open questions that were asked to the child
- Record the date, time, place and people who were present at the discussion
- Report any concerns immediately to the duty social worker who has the experience and responsibilities to assess the situation.
- Any handwritten notes will be securely attached to the incident of concern form and will be given to social care and the police within 48 hours.
- All disclosures will be immediately shared with the DSL or DDSL.

In all instances notes and reports and disclosures must contain the following information:

- The child's full name, date of birth and address
- The date and time of the incident/disclosure
- The date and time of the record being made (including the year)
- Factual details of the concern, for example bruising, what the child said, who was present.
- A note of any other people who were involved e.g. as witnesses.
- Location of where the incident took place
- Details of any previous concerns
- Any links to other information relating to concerns we may have such as attendance patterns, accident records, development/health concerns

- Any action taken and future plans (monitor and review)
- If any other agencies were informed
- All notes and reports must have the printed name and signature and job title of the person making the record.
- Source of information
- Links to other information of concern – e.g. attendance patterns, accident and incident records.

All Concerns and incidents will be shared with parents and carers unless to do so would put the child at risk of further harm.

All records, records of safeguarding and copies of any referrals will be kept in locked confidential filing cabinets in the office at *Little Beans* and only accessible by the DSL and the DDSL leads.

It is not *Little Beans* responsibility to attempt to investigate the situation.

The Director Sebrina Drew has attended the relevant safer recruitment training.

Procedure

We ensure that an interview has taken place and job role described which sets out job roles and responsibilities. Once this has been confirmed we will take the following checks before someone can start working at *Little Beans*:-

- Two references – references will be sought and checked as evidence of the suitability for the job role.
- DBS checks are completed
- They will also be required to sign up to the DBS live update service.
- An introduction – including all the policies and procedures to be read and understood and implemented
- Risk assessments gone through and understood.

Little Beans staff must disclose any convictions, cautions, court orders reprimands and warnings that may affect their suitability to work with children before and during their employment this is clearly stated and highlighted during staff supervisions. *Little Beans* will not allow anyone to be unsupervised or have unsupervised contact with children if they have not their suitability checked including through a criminal record check.

We will record information about staff qualifications and the identity checks and vetting processes that have been completed. *Little Beans* will

make a referral to the disclosure and barring service where a member of staff is dismissed or left because they have harmed a child or put a child at risk of harm to meet our responsibilities as providers under the safeguarding Vulnerable Group Act 2006.

Policy for dealing with - Allegations against a member of staff

An allegation of abuse of children by those who work with children must be taken seriously. Allegations against any person who works with children can cover a wide range of circumstances.

It is important that all adults working with children understand the nature of their work and the responsibility. They are in a position of trust. This practice guidance provides clear advice on appropriate and safe behaviour when working with children (Please refer to "Guidance for safer working practice for Adults who work with children and young people")

This procedure should be applied where there is such an allegation or concern that a person who has worked with children has:

- Behaved in a way that has harmed a child or may have harmed a child.
- Possibly committed a criminal offence against or related to a child
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm if they work regularly or closely with children.

These behaviours should be considered in the contexts of the 4 categories of abuse - physical, sexual, emotional and neglectful.

It is essential that any allegations of abuse made against a member of staff, students on placement or volunteers in our setting are dealt with fairly, quickly, and consistently, in a way that provides effective protection for the child and at the same time supports the person who is the subject of allegation. The procedures outlined in this policy will be followed alongside the complaints procedure and child protection policy.

Procedures

At *Little Beans* we ensure that all parents/guardians know how to complain about the behaviour or actions of staff or volunteers within *Little Beans* or anyone working at the premises of *Little Beans* which may include an allegation of abuse. Please see our complaints procedure.

In the event of an allegation or concern made at *Little Beans* against a member of staff they should report this to the 'designated safeguarding lead' (DSL) or the DDSL. In the event of an allegation against Anne-Marie Thomas or Sebrina Drew in her absence, allegations or concerns should be reported to Maria Hayward who will follow the policy and procedure.

At *Little Beans* we will follow the guidance of the local safeguarding children's board when responding to any complaint that a member of

staff, or volunteer within the setting, or anyone working on the premises occupied by *Little Beans* has abused a child.

We respond to any disclosure by children, staff that abuse by a member of staff or volunteer within the setting, or anyone working on the premises occupied *Little Beans*, may have taken, or is taking place, by first recording the details of any such alleged incident.

Little Beans will refer any such complaint immediately to the local authority's social care department to investigate. We also report any such alleged incident to Ofsted and what measures we have taken and are aware it is an offence not to do so. Ofsted should be invited to take part in any subsequent strategy/meetings/discussion.

Little Beans will maintain confidentiality whilst an allegation is being investigated or considered. Apart from keeping the child, parents and accused person up to date with progress of the case, (where this would not risk the child further) information should be restricted to those who have a need to know to protect children, facilitate enquiries, manage related disciplinary or suitability processes.

Little Beans will also contact the Local Authority Designated Officer for Safeguarding (LADO), John McLaughlin within one day and his contact details are 01202 456744 and email lado@bpccouncil.gov.uk

Little Beans will co-operate entirely with any investigations carried out by children's social care in conjunction with the police. *Little Beans* will seek advice from the LADO, the police, and/or children's service about how much information should be disclosed to the accused person. Depending on restrictions on the information that can be shared, the employer should, as soon as possible inform the accused person about the nature of the allegation, how enquiries will be conducted and the possible outcome. The accused member of staff should:

- Be treated fairly and honestly and helped to understand the concerns expressed and processes involved;
- Be kept informed of the progress and outcomes of any investigation and the implications for any disciplinary or related process;
- If suspended, be kept up to date about events in the workplace;

Where the *Little Beans* management team work with the children's social care and agree it is appropriate in the circumstances, the proprietor will suspend the member of staff on full pay, or the volunteer, for the duration of the investigation. This is not an indication of admission that the alleged incident has taken place but is to protect the staff as well as children and families throughout the process.

Disciplinary action

Where a member of staff or volunteer has been dismissed due to engaging in activities that caused concern for the safeguarding of children and vulnerable adults, we will notify the independent safeguarding authority (ISA) of relevant information (when in place) so that individuals who pose a threat to children (and vulnerable groups) can be identified and barred from working with these groups. In addition, we will inform our LADO, Social and Childcare Officer.

Sharing confidential information without consent is done only where not sharing it could be worse than the outcome of having it shared.

Lone working

Little Beans understands that lone working takes place during school pick up and drop offs, as well as on site. There will always be a minimum of two staff on site when the setting is open, but qualified L3 staff can lone work. This policy is designed to alert staff and parents to the risks presented by lone working, to identify the responsibilities each person has in this situation to minimise risks.

Definition of lone working - *Little Beans* understands lone workers to be those who work without close or direct supervision from another member of staff for any period. Staff that are lone working must be able to be seen

or heard by another member of staff. The use of baby monitors can also be used so that staff can call for assistance easier should they require it. Lone working will only happen when it is safe to do so. Staff are responsible for risk assessing each situation themselves, if they feel it is not safe then they must call for backup.

Little Beans recognise that L3 qualified staff working alone in potentially isolate conditions have no immediate support from other so are at greater risk of accusations or injury through aggression or violence directed towards them from children.

Lone working takes place at *Little Beans* during school drop off and pickups, we ensure that it is always a staff member who is competent in their role, L2 qualified and who is aware of risks and hazards. Every member of staff is first aid trained in the event of an incident and holds an up to date DBS to ensure the safety of the children is paramount. Only L3 qualified or higher can lone work on site, unqualified staff are still not to be left alone with the children. Competent L2 staff can be with the children if they can be seen and heard clearly by a qualified L3 at all times. For example, at Fernside a L3 can be in the conservatory and a L2 can be outside in the main garden.

If any incidents occur during lone working then the Manager and DDSL must be informed or in her absence follow the safeguarding contingency plan.

It is Anne-Marie and Sebrina Drew's responsibility as the Manager to ensure that the lone working policy is monitored and updated annually or before if needed.

Collecting your Child Policy

Policy statement:

At *Little Beans* every child’s safety is our priority. In an ideal world parents/ carer would always pick up their own children. However, we know that is not always practical in our busy society. In order that there is no confusion for staff as to know who to expect to collect your child we require your cooperation in following the procedure below.

At *Little Beans* if a child is not collected at the end of their session, we will try calling the parents/carers contact numbers. If they do not answer after a reasonable amount of time then we will try the emergency contact numbers that we hold. All emergency contacts must be over the age of 16 years old to be able to collect a child.

Procedures

1. Tell a member of staff on the morning of the collection if not in advance, e.g. “Nanny will pick up Child A next Tuesday.” The member of staff will pass this on to the Manager/ Deputy Manager.
2. Staff will ask if this person has collected your child from *Little Beans* before and is known by face by the staff (if not one of the named people for collection from your child’s prospectus).
3. If unfamiliar to the Staff team, you will be requested to pass on to them your password (should be written in prospectus when registering). If password has been forgotten staff can remind parents/ carers or log a new password.
4. At the end of your child’s session the new person collecting your child will be required to give the correct password before entering the building to collect your child.
5. At no time will we let a child leave *Little Beans* with an unidentified/ unfamiliar adult. This is in your child’s best interests and safety. Please cooperate with us by following this procedure and ensuring you pass on the correct password.

Policy Statement: Complaints handling

The early year's foundation stage requires all providers to keep a record of complaints received and their outcomes.

At *Little Beans* we pride ourselves as a team on offering a first-class service to the local community. We work in partnership with parents and families so that all children's needs are met, and they are able to feel secure and flourish from strong foundations. Behaviour and anti-bullying – policy and procedure

At *Little Beans* we comply with the welfare requirements that set out that the providers are responsible for managing children’s behaviour in an appropriate way.

At *Little Beans* we incorporate the idea of having a safe space in the form of bean bags that we can move with ease to a quiet space, enabling the child to sit on, relax and with support begin to recognise and manage their own feelings behaviour. By reading and looking at books based around feelings and how to manage them we aim to support the child to take themselves to the bean bag when they feel they need to.

Providers must not give corporal punishments to a child, and ensure that reasonable steps are taken to ensure that corporal punishment is not given by any person who cares for or is in regular contact with a child. Providers must keep a record of any occasion where physical intervention is used in a case where physical intervention was taken for the purpose of averting immediate danger of personal injury to any person including the child or to manage a child’s behaviour if absolutely necessary. Parents and/or carers must be informed on the same day, or as soon as reasonably practicable.

We at *Little Beans* ensure that adults and children are treated with equal concern and are made to feel welcome and have a sense of security. We at *Little Beans* ensure that staff and children's key persons speak to parents/carers about their child's behaviour during settling in and agree methods to manage children's behaviour. These are discussed with parents/carers during initial visits before the child is due to start to ensure appropriate care can be provided.

We at *Little Beans* ensure that staff where possible meet the parent's requests for the care of their children according to their own family values and practices. The prospectus records all these requirements.

We at *Little Beans* ensure that records are revisited and updated during regular reviews with parents.

We at *Little Beans* expect parents to inform us of any changes in the child's home circumstances, care arrangements or any other change which may effect the child's behaviour such as a new baby, parent's separation, divorce, new partner or any bereavement. All information shared will be kept confidential unless there appears to be a safeguarding issue.

We at *Little Beans* ensure that we offer regular meetings with parents to discuss their child's care and any issues or concerns, preferably when the child is not present. We may use photos, pictures or research key words of their first language.

Friendship issues are part of the normal development for a child in their early years.

It is our policy to ensure that no bullying is going on. Any incidents that we feel could be classed as bullying, shall be dealt with, with as much discretion as possible. Parents/carers shall be informed and the reason for bullying and how it shall be dealt with will be explored and dealt with by all parties involved.

We promote nurturing friendships between all children in our care. Creating a sense of belonging by taking behaviour which upsets the children very seriously. Encourage discussions talking and singing on book and songs about feelings and actions. Children to make their own rules.

Prevent Duty Policy

We at *Little Beans* understand that we have a duty of care to protect the children who attend from extremism and radicalisation, to identify those children and families that may be vulnerable to this and what to do if any are identified.

At *Little Beans* the designated safeguarding lead (DSL) Anne-Marie Thomas and Sebrina Drew has attended the awareness training in order to lead and support the team to know what to look for and any concerns are

treated in the same way as any other form of harm. In her absence, the DDSL Maria Hayward will fulfil this role.

British values

At *Little Beans* we work to build a child's resilience to extremism and radicalisation; we do this by promoting British values in our setting and giving them the tools to challenge extremist views.

Definitions of British values and how we promote them at *Little Beans*

Democracy – every child is unique, and we recognise and respect each child and their family. The children are very much involved in deciding our golden rules and in making their own decisions such as what to play.

The rule of law -we support the children in managing their feelings and behaviour during circle time topics, and imaginative play. We discuss emotions and encourage and support the children in managing conflict.

Individual liberty and mutual respect – through group discussions, using the talking pen to give everyone an opportunity to talk and share their views. Working to the EYFS framework we support the children in developing their self-confidence and self-awareness.

Mutual respect and tolerance of different faiths and beliefs.

Here at *Little Beans* we go on visit to places in the local community discussing our surroundings. During circle time topics we explore and discuss faiths, cultures and beliefs and through activity's we discuss and recognise both are similarities and our differences.

Not unique to Britain, these values are universal aspirations for equality. They are fundamental to support all children become compassionate and considerate adults.

Through the Personal, Social and Emotional and Understanding the world areas of the Early Years Foundation Stage Statutory Framework, we will teach the children about the diversity in our community, the skills needed to recognise and manage risk and to make safe choices. Through effective teaching, we will encourage positive character traits such as determination, self-esteem and confidence.

At *Little Beans* we will support those families who may be vulnerable to extremism and radicalisation and give them guidance to seek help.

Here at *Little Beans* we understand the importance of being constantly vigilant and fully aware that this could potentially happen in our setting. If we have a concern staff will follow the safeguarding policy and procedure and we will work in partnership with the Local Safeguarding Children Board (LSCB)/ the Hub.

At *Little Beans*, the DSL will attend regular safeguarding training and update forums to ensure knowledge and awareness is up to date.

Due to recent training we now have a Lockdown policy. Our base plan is to alert all staff to the threat using a code word "Peanut" to prevent the children being alarmed/ scared. Then we would proceed to gather all children and staff and the grab bag and relocate to the security of the first floor. Please see our Lockdown policy or further information.

Staff who have read, understood and are going to implement the Prevent Duty and British values policy and procedure.

Hot Drinks – Policy and procedure

Policy statement:

At *Little Beans* we understand that part of our duty of care to safeguard the children in our care from unnecessary harm due. We believe this includes staff having hot drinks e.g. tea and coffee, in the room with the children which could potentially spill and hurt/ burn the children.

Procedure:

To prevent this from happening the staff at *Little Beans* will ensure that any open mugs of hot drinks are kept out of children's reach by keeping them in the kitchen on the windowsill or in the office. *Little Beans* provides some closed top flasks which staff can use to have hot drinks in the kitchen as long as they are kept up on a shelf out of the children's reach when not being drunk from. *Little Beans* also suggest to staff that they allow their drinks to cool for a few minutes before drinking them to ensure the liquid is not hot enough to burn themselves or anyone else.
